- (i) The e-voting period commences on Sunday, September 25, 2022 at 9.00 AM and ends on Tuesday, September 27, 2022 at 5.00 PM. During this period, shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. September 21, 2022, may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter. Once the vote on a resolution is cast by the member, the member shall not be allowed to change it subsequently.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

(iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENTS

The Indian Dairy industry is at the cusp of another revolution, moving towards increased contribution from various value-added milk products. India, in its quest to become a matured dairy industry, is aggressively transitioning from unorganized to more of an organized and branded market. These two structural shifts from unorganised to organized market and from traditional products to value-added dairy products will provide long-term growth visibility to the organized dairy sector.

The demand for value-added products will be driven by changes in macro-economic factors like increase in urbanization, nuclear families, increasing number of dual income households with working women and improved per capita spending.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

Your company is mainly engaged in the business of trading of dairy products such as milk, skimmed milk powder, ghee, butter, cheese etc. which are under one broad segment of the market, so segment reporting is not applicable to it.

OUTLOOK

Multiple vaccine approvals and the launch of vaccination in some countries since December 2020 have raised hopes of an eventual end to the pandemic and have boosted investor sentiments worldwide.

Emerging market and developing economies are expected to track diverging recovery paths as it would largely hinge on the speed of vaccination, effectiveness of policy support and country-specific structural factors. Organization for Economic Co-operation and Development (OECD), in its interim economic assessment, stated that economic activities in China, India and Turkey have moved above pre-pandemic levels led by strong fiscal and quasi-fiscal measures and a recovery in manufacturing and construction. However, renewed waves and new variants of the virus pose concerns to the outlook.

OPPORTUNITIES AND THREATS

The long-term outlook of Indian dairy sector is favourable on account of increasing population, increase in per capita consumption, increase in expenditure on package food, brand awareness, urbanization & increase in nuclear families and government support. The growth would be primarily driven by increase in the demand for value-added milk products, which is also margin improver for the players. Anticipating and responding to the changing consumer preferences in a timely manner helps building a strong consumer demand for the brand.

RISKS AND CONCERNS

Climate change and scarcity of water are the major threats to the dairy industry. A drought or a rainfall deficit results in increased cost of cattle feed and reduced availability of green fodder for cattle thereby constraining milk supply. Such adverse weather and seasonal conditions may lead to a decline in supply and a spike in raw milk prices.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has adequate internal control and Procedures systems commensurate with the nature of its business and the size of its operations. Continuous efforts are being made to see that the controls are designed to provide a reasonable assurance with regard to maintenance of accounting controls and assets from unauthorized use or losses. All significant audit observations and follow-up actions thereon are reported to the Audit Committee. The audit committee looks into all aspects of internal functioning and advises corrective action as and when required.

FINANCIAL PERFORMANCE AND FINANCIAL RATIOS

The financial performance and financial ratios of the company has been covered in the Director's Report and Financial Statements of the company.

HUMAN RESOURCE / INDUSTRIAL RELATIONS

The Company regards its employees as valuable asset and continuously reviews and evolves policies and procedures to attract and retain its pool of technical and managerial personnel through a conducive work environment.

INDEPENDENT AUDITOR'S REPORT

To
The Members of Premier Capital Services Limited
CIN:-L65920MH1983PLC030629
Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of Premier Capital Services Limited ("the Company"), which comprise the balance sheet as at March 31, 2022, and the Statement of Profit and Loss, Statement of changes in equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, its loss and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are Independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that there are no key audit matters to communicate in our report.

Information other than the financial statements and auditors' report thereon

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

36th ANNUAL GENERAL MEETING PREMIER CAPITAL SERVICES LIMITED

If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting

unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- **PREMIER CAPITAL SERVICES LIMITED 36th ANNUAL GENERAL MEETING**
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. - iii. Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefit associated with these will flow with the Company and the cost of the item can be measured reliably.
- iv. Any gain or loss on disposal of an item of property, plant and equipment is recognized in statement of profit and loss.

The gain or loss arising from the derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of profit and Loss when the item is derecognized.

The Company has elected to measure all its property, plant and equipment at the previous GAAP carrying amount as its deemed cost on the date of transition to Ind AS.

d) Financial instruments

The Company recognizes all the financial assets and liabilities at its fair value on initial recognition; In the case of financial assets not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial asset are added to the fair value on initial recognition. The financial assets are accounted on a trade date basis.

For subsequent measurement, financial assets are categorised into:

Amortised cost: The Company classifies the financial assets at amortised cost if the contractual cash flows represent solely payments of principal and interest on the principal amount outstanding and the assets are held under a business model to collect contractual cash flows. The gains and losses resulting from fluctuations in fair value are not recognised for financial assets classified in amortised cost measurement category.

Fair value through other comprehensive income (FVOCI): The Company classifies the financial assets as FVOCI if the contractual cash flows represent solely payments of principal and interest on the principal amount outstanding and the Company's business model is achieved by both collecting contractual cash flow and selling financial assets. In case of debt instruments measured at FVOCI, changes in fair value are recognised in other comprehensive income. The impairment gains or losses, foreign exchange gains or losses and interest calculated using the effective interest method are recognised in profit or loss. On de-recognition, the cumulative gain or loss previously recognised in other comprehensive income is re-classified from equity to profit or loss as a reclassification adjustment. In case of equity instruments irrevocably designated at FVOCI, gains / losses including relating to foreign exchange, are recognised through other comprehensive income. Further, cumulative gains or losses previously recognised in other comprehensive income remain permanently in equity and are not subsequently transferred to profit or loss on derecognition.

Fair value through profit or loss (FVTPL): The financial assets are classified as FVTPL if these do not meet the criteria for classifying at amortised cost or FVOCI. Further, in certain cases to eliminate or significantly reduce a measurement or recognition inconsistency (accounting mismatch), the Company irrevocably designates certain financial instruments at FVTPL at initial recognition. In case of financial assets measured at FVTPL, changes in fair value are recognised in profit or loss.

Profit or Loss on sale of investments is determined on the basis of first-in-first-out (FIFO) basis.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 - The fair value hierarchy have been valued using quoted prices for instruments in an active market.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Inputs that are unobservable. This category includes all instruments for which the valuation technique includes inputs that are not observable and the unobservable inputs have a significant effect on the instrument's valuation.

Based on the Company's business model for managing the investments, the Company has classified its investments and securities for trade at FVTPL. Investment in subsidiaries is carried at deemed cost (previous GAAP carrying amount) as per Ind AS 27.

Impairment of financial assets: In accordance with Ind AS 109, the Company applies Expected Credit Loss model (ECL) for measurement and recognition of impairment loss. The Company recognizes lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. At each reporting date, the Company assesses whether the loans have been impaired. The Company is exposed to credit risk when the customer defaults on his contractual obligations. For the computation of ECL, the loan receivables are classified into three stages based on the default and the aging of the outstanding.

If the amount of an impairment loss decreases in a subsequent period, and the decrease can be related objectively to an event occurring after the impairment was recognised, the excess is written back by reducing the loan impairment allowance account accordingly. The write-back is recognised in the statement of profit and loss.

The Company recognises life time expected credit loss for trade receivables and has adopted the simplified method of computation as per Ind AS 109.

For subsequent measurement, financial liability are categorised into:

All financial liabilities are initially recognised at fair value net of transaction cost that are attributable to the separate liabilities. All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through

the expected life of the financial liability, or (where appropriate) a shorter period, to the amortised cost of a financial liability.

Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Derecognition:

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid is recognised in the Statement of Profit and Loss.

i) Taxes on Income

a) Current tax is determined as the amount of tax payable in respect of taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961/ relevant tax regulations applicable to the Company.

Current tax assets and liabilities are offset only if, the Company:

- a) The entity has legally enforceable right to set off the recognized amounts; and
- b) Intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b) Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which give future economic benefits in the form of adjustment to future income tax liability, is considered as an asset, if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

c) Deferred Tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred Tax Assets are recognized to the extent it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax losses can be utilized.

Deferred tax assets and liabilities are offset only if:

- c) The entity has legally enforceable right to set off current tax assets against current tax liabilities; and
- d) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Deferred Tax Liabilities and Assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

j) **Provisions, Contingent Liabilities and Contingent Assets**

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability.

Contingent liabilities disclosed for possible obligation which will be confirmed only by future events not wholly within the control of the Company or present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made. Contingent assets are neither recognized nor disclosed in the financial statements.

k) **Earnings Per Share**

Basic Earnings per Share is calculated by dividing the net profit after tax by the weighted average number of equity shares
