Such Statements may be subject to a number of risks, uncertainties and other important factors, such as but not limited to (1) competitive pressure; (2) legislative and regulatory developments; (3) global, macro economic and political trends; (4) fluctuations in currency exchange rates and general market conditions; (5) delay or inability in obtaining approving from authorities; (6) technical developments; (7) litigations; (8) adverse publicity and news coverage, which could cause actual developments and results to differ materially from the statements made in this presentation. Prism Cement Limited assumes no obligation to update or alter forward-looking statements whether as a result of new information of new information, future events or otherwise.

Enhancing Efficiencies Leveraging Opportunities

The dynamic business environment of today makes it imperative for business enterprises to become lean and nimble. More so in volatile and uncertain times. FY16 was one such year, where the demand environment was below expectations and volatility in input / commodity prices. Amidst these circumstances, businesses need to calibrate their responses to emerging business situation in real time. At Prism Cement Limited, over the last couple of years the endeavor has been on rationalizing cost, improving utilization levels and enhancing efficiencies across all three Divisions.

Post the challenging period prior to FY15, the last two years were period of consolidation. During these two years our dual focus has been on ramping up operational efficiencies and several measures taken on the cost side. Based on these initiatives there is a cautious optimism within the organization and belief that worst is behind us now.

On the other hand, our opportunity landscape appears to steadily improve. The Government's efforts to revive infrastructure growth seems to percolate at ground level with improved activity

levels seen in road construction, ports, power transmission & distribution. This along with increased rural thrust in the Union Budget 2016, forecast of good monsoon, expected pay hikes and arrears from pay commission and OROP (one rank one pension), etc. augurs well for expansion in consumer demand of construction material and services.

Empowered with under-utilized capacities and efficiencies, we are poised appropriately to mine various growth opportunities in a better way thereby enhancing stakeholders' value.

Enhancing Efficiency

At Prism Cement Limited, we have remained focused on rationalizing cost and improving operating margins. Post re-construction of the new silo, the overall cost of cement production has come down over the last couple of years. Several steps have been taken including increased usage of Petcoke from NIL to nearly 60 percent in last two years, alternate sources of Petcoke and Coal, brought down power consumption and reduced lead distances. The fall in global commodity prices has also helped in improving profitability of the Cement Division.

In our TBK segment, reliable energy supply to our plants based in South India had posed serious challenges. Non-availability of natural gas and power shortages had been handicaps in our efforts to reduce costs. These issues were resolved with the commissioning of coal gassifiers at our Andhra Pradesh plants and natural gas availability at Karnataka plant. Additionally, we acquired onshore micro gas wells and

connected them with our manufacturing units. Brand building and marketing activities were also given additional thrust during the last couple of years. With operational challenges addressed, the focus is to roll out more value added products, increasing utilization levels, consolidating trade channel partners and mapping fixed cost & working capital. These measures should aid to increase our market share and profitability.

In our RMC business, after nearly four years of flattish growth, we are seeing some green shoots especially on the infrastructure segment and affordable housing segment. Going forward, the focus is on the improvement in capacity utilization including deployment of idle plants, increase in sales of value-added products & focus on Individual Home Builder and cost management programs. Above measures should help the Division in improving profitability and better returns on the capital employed.

Leveraging Opportunity

The macro business environment in India is steadily improving. The government thrust on speedy development of infrastructure, housing, sanitation, manufacturing, urbanization and agriculture has started to lend strength to the overall economic activity. Lower commodity prices, inflation and lending rates are gradually pushing up the consumer demand as well. The last lever of economic growth, the private sector investment, too appears to have start rolling.

The real estate sector has witnessed moderate growth for quite a long period in recent times. The forecast of good monsoon, expected pay hikes emanating from pay commission & OROP and lower interest rates shall help revive housing demand in the coming years. Passage of Real Estate Bill might lead to better demand over the longer period. The big-ticket government projects in the transport infrastructure domain - road, rail, port and airport - augurs well for the construction industry. Construction and building material industry has a significantly large stake in Government programs and missions like 'Housing for All', 'Dedicated freight Corridors', 'Make in India', 'Namami Gange', 'Smart Cities', 'Sagarmala', 'Railway Modernisation', etc.

The above growth triggers would entail a healthy and sustained cement demand growth going forward. The Company's operating region of central India is well positioned to benefit from the favourable demand-supply balance, in view of lack of new capacities getting upstream in coming quarters. Our recent launch of premium products 'DuraTech' and 'Champion Plus' and cost reduction measures would help us maximize from the unfolding demand growth.

In our TBK business too, imposition of provisional anti-dumping duty on Chinese tiles import augurs well for the industry. Reduced fuel cost shall lower our manufacturing cost. The RMC Division is well placed to grab opportunities derived from demand drivers such as urbanization, infrastructure and affordable housing.

In a nutshell, we are entering a phase of sustained and profitable growth on the back of four key factors. First, our capacities stand ready to clock higher throughput. Second, our product-mix stands skewed towards value-added products that helps improve margins. Third, the demand for construction materials and allied solutions are headed northwards, that too for a considerably long time. Fourth, our operating geographies for all the three business segments are sweetly positioned.

Letter from The Managing Director

Dear Shareholders,

During the year 2015, the global macroeconomic growth continued to stagnate around 3.0 percent with divergent traits across advanced and developing economies. The risk of a fragile recovery in Euro region continues to linger. As China moves away from huge government spending in infrastructure space, the economy is witnessing slowdown. In this backdrop, with a revised GDP calculation method, India has emerged as one of the fastest growing economies in the world. During the year 2015-16, India has registered GDP growth of 7.6 percent. Softening of commodity prices and crude oil, in particular, has augured well for India. It has helped contain inflation as well as fiscal & current account deficits. The central government has also initiated a number of initiatives which has led to increase in foreign direct investment.

The construction industry in India, during the year under review, has shown some initial signs of revival where the drive is majorly from Government spending. Private investment continues its phase of wait and watch. Many infrastructure companies continue to face stressed balance sheets and the system is also witnessing growing delinquencies. However, the Government's initiatives such as 'Make in India', 'Smart Cities', 'Swacch Bharat', 'Housing for All' and many more, continue to act as rays of hope for the construction industry. The Central Government continues

to be determined to push economic revival while keeping a check on social payments and increasing allocations for capital formation.

The Union Budget 2016-17 has increased allocation of funds for the rural economy and many other government initiatives. It has also increased its impetus on key government schemes like 'Housing for All'. The unveiling of first list of 20 'Smart Cities' and the passage of Real Estate bill would further add momentum to the construction industry. The central banks easing of key policy rates against the backdrop of benign inflation would also act as a catalyst to propel growth.

Amid this challenging business environment, your Company has been assiduously working towards enhancing operational efficiency.

The Petcoke usage in the fuel mix for the Cement Division has been steady at ~60 percent. Also to garner higher premium, we have launched premium cement brand Duratech. The recent launch of Champion Plus brand was well accepted by the markets.

In the TBK Division, the on-going rationalization measures which include improving plant efficiencies, optimizing channel distribution and motivating sales team to generate demand for dealers through strong influencer connect, among others would show benefits in the years to come. The provisional anti-dumping duty on imports of vitrified tiles from China and

downward revision in gas prices would augur well for our TBK segment. We have scaled up the marketing activities and as a part of the strategy, we have increased display of Value-added Products across our showrooms. Your Company's architect program, ASPIRE, received a very good response.

The RMC division saw stable utilization levels. We are constantly on the lookout for exploring and adding new plants in this segment in order to cater to the rapidly increasing demand. We see enormous potential in this segment with the speedy approval of real estate projects and the 'Smart Cities' initiative taken by the Government.

India is currently very well poised to grow at a steady rate. The increased impetus on the infrastructure sector augurs well for the real estate and the construction industry. We are anticipating a favourable business environment for all the three segments Cement, RMC and TBK. The 'Housing for all' and 'Smart Cities' initiatives will increase the demand across all the segments. The forecast of good monsoon by Indian Meteorological Department for this year would also push the growth for housing segment.

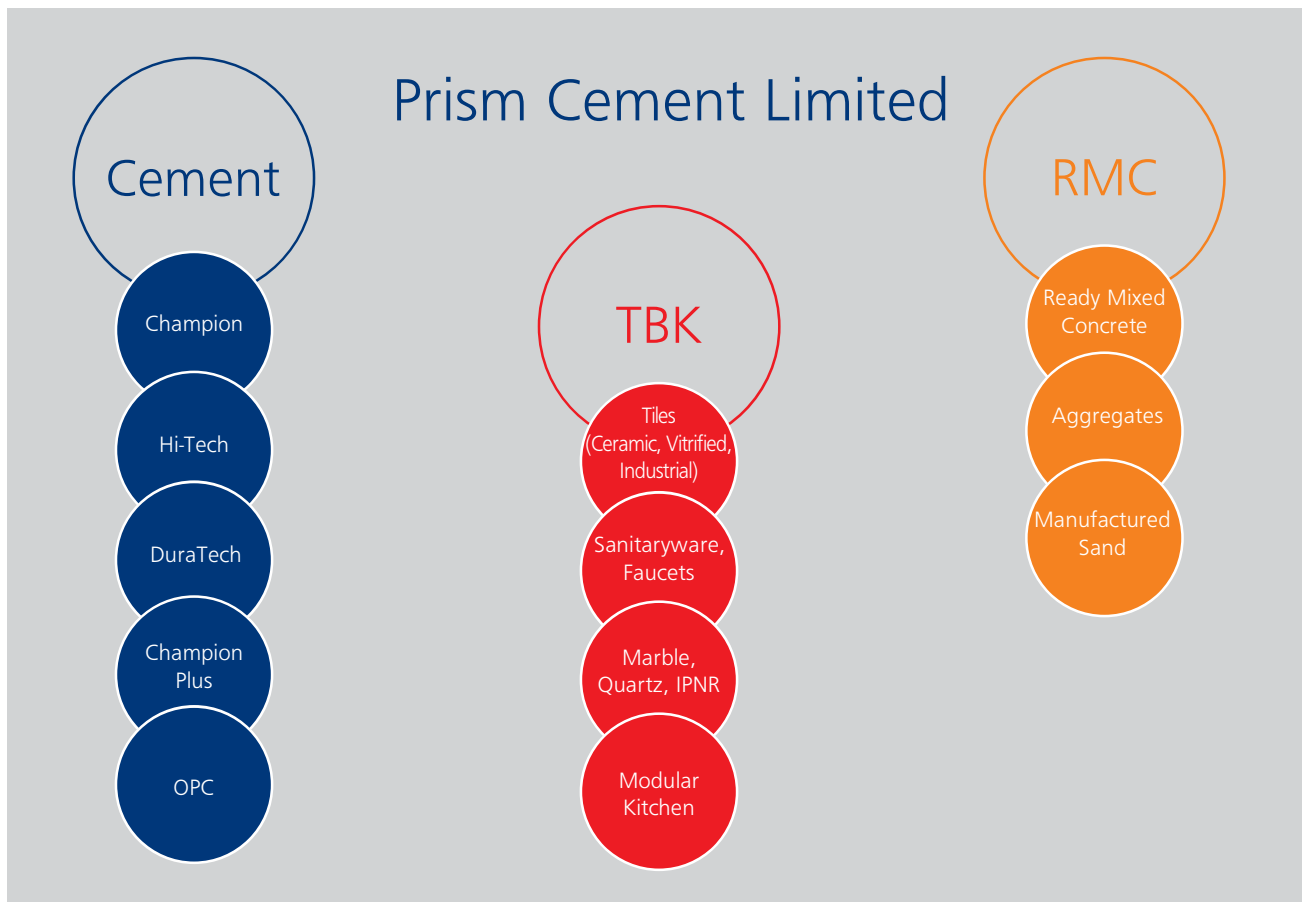

I take this opportunity to thank all the stakeholders for their continued support and belief in the Company and also very grateful to our employees for their contribution and dedication towards our organization.

Best Regards,

VIJAY AGGARWAL

Management Discussion and Analysis

ECONOMIC OVERVIEW

Global Economy

The economic growth for the year 2015 as per IMF's World Economic Outlook has been marginally down to 3.2 percent. However, the growth has been very diverse across the developed and developing & emerging economies. The Emerging Markets & Developing Economies (EMDE) which contributes over 70 percent of the global growth recorded the fifth consecutive year of decline in their growth rate. The pegged growth at 3.2 percent pointed three transitions for the outlook as (1) Plummeting commodity and energy prices, (2) The faster than expected slowdown in China and their rebalancing action, and (3) a gradual tightening in monetary policy in the United States.

GDP Growth (%)

Source: IMF's World Economic Outlook April, 2016

Indian Economy

In the midst of subdued global growth, the Indian economy showed resilience. Though the export growth was not encouraging, the economy continued to grow on the back of increasing domestic consumption. The inflation remained benign due to lower commodity prices. The cumulative 150 bps cut by RBI from the start of monetary easing from January 2015 onwards helped spur the consumer demand. Government's flagship programs - 'Make in India', 'Digital India', Modernisation of Railways, etc. along with slew of reforms and easing of FDI limits in some sectors improved the confidence among the investor community. These measures cumulatively led to an FDI Equity inflow in the country of USD 36 bn., containing the fiscal deficit at 3.9 percent and Current Account Deficit at 0.9 percent. As per Central Statistics

Office (CSO), the Indian economy has registered a GDP growth of 7.6 percent in 2015-16 and expected to grow at a higher rate in 2016-17E.

The "Startup India" action and "Atal Innovation Mission" has started to promote entrepreneurial culture. The State Governments have also initiated many policy measures such as single window clearance within 21 days for setting business to woo foreign investors. Implementation of socio-economic enabler programs such as 'Jan Dhan Yojana', 'Swachh Bharat', 'Gold Monetisation', 'Housing for All', 'Pradhan Mantri Suraksha Bima Yojana', 'Krishi Bima Yojana', etc. would help strengthen the economic well being of rural and sub-urban population. These schemes coupled with investment in the private sector along with consumption will help Indian economy to move steadily on its recovery trajectory in 2016-17.

INDUSTRY OVERVIEW

The construction industry has significant contribution to the GDP. The industry contributes approximately 8 percent to the country's GDP. There are three main sectors Infrastructure, Real estate and Industrial. The infrastructure sector during the year was mired due to several bottlenecks ranging from procedural delays in clearances, lack of intent from banks to fund, high interest rates and individual balance sheet. The Government's initiatives like increased allocation of funds to infra projects along with the RBI's measures to ease cost of capital would help to kick-start the Capex cycle. All these factors would trigger the private investments which were cut down drastically for last few years. The Public Private Project Appraisal Committee (PPPAC) was formed by the Government to give approvals and speedy clearances for the infrastructure projects. The Government has adopted the newly-conceived hybrid annuity model and government-funded Engineering Procurement and Construction (EPC) model. The Government has done away with the cabinet clearance for the projects whose construction cost is less than ₹ 1,000 cr, the limit up to which the Road Transport and Highways Ministry has the liberty to give the approvals on their own.

The Government's flagship road building programme, National Highways Development Project (NHDP) was formed to expedite the national highways projects and clear the stalled projects. The number of stalled projects for 10 years has drastically come down from 384 to 74 as per Government sources.

The recently passed Real Estate (Regulation and Development) Bill, 2015 will bring the much needed consolidation and transparency in the industry, which should aid the demand for housing in the long term. This should ultimately pave way for the new projects, which will boost the construction and building materials sector.

OPPORTUNITIES AND THREATS

CEMENT

Opportunities

India is the second largest consumer of cement after China. Cement demand in India has grown at a muted growth of ~4 percent CAGR since FY12 due to weak demand from housing sector and delays in clearances in industrial projects. Combination of slowing demand and rising capacities has led to drop in utilization from ~85 percent levels in FY10 to ~70 percent in FY16. Going ahead, demand is expected to grow at a faster rate than in FY16 driven by Government spend on road, dedicated freight corridor, metros, irrigation, 'Housing for All', 'Smart Cities', and 'Swachh Bharat Mission'. This coupled with lower capacity additions, we expect industry utilizations to pick up and hence resulting in better pricing power. Prism Cement Limited is well placed given its high exposure in Central Region. The Central region was operating at ~80 percent utilization in FY16 and with no capacity additions in the near future, the region will see steady pricing power. As per credit rating agency ICRA the cement demand growth would be a modest 4 percent in FY16 before picking in the following year. This follows poor growth in cement demand in the first half of 2015 and even declines in March and April 2015. ICRA is expecting the country capacity utilization to drop to ~70 percent in the FY16, down from ~77 percent in FY12, however it is expected to improve to ~73 percent in FY17, driven by both pick-up in demand as well as slowdown in new capacity addition.

The Government's 'Housing for All by 2022' is likely to be a major game changer for the industry. KPMG report suggests for construction requirement of 11 cr units to address the housing shortage. The impetus on creation of affordable

housing mission along with quicker approvals for projects would result in increase in construction activity giving a fillip to the cement sales. The first list of 20 'Smart Cities' which was unveiled at the start of the calendar year includes Bhopal and Jabalpur cities of Madhya Pradesh where the operations of Cement Division is concentrated. This would augment the cement sales.

The Government's plan to construct cement concrete highways instead of bitumen will increase the consumption of cement for infrastructure sector. The road construction segment is likely to spur cement demand atleast in the short term. The cement demand is also likely to get push from projects such as power plants, ports, railways, irrigation projects, metro rail projects amongst others.

Cost rationalization has gained importance within cement manufacturers over the past few years in the form of increased petcoke usage, sourcing of petcoke & coal, increase in blending & energy efficiencies, optimizing logistics and use of alternative fuels amongst others.

Threats

Increase in competition among local players. Capacity upgrades by other cement companies may raise the possibility of oversupply situation in the country.

The weather forecasting agencies have predicted above normal monsoons for the country, which augurs well for cement demand. However, below normal monsoons could be a concern.

The global economic review is fragile and a slip can have a bearing impact on the India's economy which could have an impact on demand.

Ready Mixed Concrete

Opportunities

With the government's impetus on infrastructure, the Ready Mixed Concrete (RMC) industry is gaining pace as the most viable option to speed up construction. The RMC demand in India has been growing steadily over the past few years, but it accounts for only ~10 percent of cement consumption compared to other developed countries wherein nearly ~80 percent of cement consumption is in the form of RMC. The RMC's share of market is likely to grow from 10 percent of total cement demand to 25 percent by 2025 as per Cement Vision 2025 - a report of CII-A T Kearney. Earlier RMC's consumption was mostly confined to metros. However the usage has now grown to all parts of the country including Tier-II and Tier-III cities.

As there has been increase in large projects, the demand for RMC is propelling because these structures require continuous and uniform quality concrete. RMC usage has become more prominent against the backdrop of Government initiatives such as the development of smart cities, increasing connectivity through

metros, monorails and highways and enhancement of existing infrastructure facilities like airports, hospitals, bridges, roads and stations. The need for affordable housing is also expected to boost demand in Tier-II and Tier-III cities.

Threats

The burgeoning growth in RMC is threatened by logistics that challenges the industry growth. Effective transportation of both the finished product and raw materials are all the more important in the RMC sector. The logistics involved in supplying raw materials to RMC manufacturing plants should be robust and smooth.

Availability of raw materials such as aggregates, sand amongst others is key to supplying good quality RMC. Volatility in fuel prices could dent profitability in the short term.

Environment clearances and availability of land parcels could also hamper growth opportunities.

Tiles, Bath fitting and Kitchen

Opportunities

Tiles:

As per the PWC report, the Indian ceramic tiles market size is estimated to be around ₹ 301 billion in 2016, growing at a CAGR of 15 percent. India is ranked third globally and the organized segment makes up approximately 50 percent of the sector while the top eight manufacturers constitute over 75 percent of the organized market. The unorganized segment includes small and medium scale manufacturers flourishing through plants in Gujarat.

The Vitrified tiles share comprises nearly 50 percent of the ceramic tiles sales which has witnessed rapid growth in the last five years with increasing demand as they are durable and come with many designs and varieties. The gas prices which have come down significantly in the last 7-8 months has a positive impact on this segment as a substantial part of the cost of production is fuel.

Further, the provisional anti-dumping duty imposed on Chinese vitrified tiles for six months at the rate of \$1.37 per square metre is an added advantage in the few product categories.

Bath Sector:

The bath sector comprises of sanitary and bath fitting products. This segment has seen exponential growth in the recent years. The industry is estimated to be around ₹ 120 billion and is further going to increase with real estate sector boom and the customers adopting the modern urban lifestyle along with increasing nuclear families and increasing income levels.

Modular Kitchen

Increase in modern fixtures:

Indian readymade kitchens market is witnessing a robust growth over the last few years fueled by modern lifestyle in metro cities. The demand from Tier-II and Tier-III markets is also showing traction. Efficient utilization of space is also a factor that is driving growth. The industry is estimated to grow at a staggering CAGR of ~40 percent plus over the period of 2013-18 as per a report by Tech Navio.

Threats

The local un-organized sector offering products at lower rates can pose a threat to the TBK segment as a whole. There is slowdown in the Real Estate market due to the inventory overhang atleast in the urban segment, which can have a negative impact on sales.

In the tiles segment from the supply side, the continuous capacity addition in Morbi remains unabated.

The vitrified tiles segment sales are hammered due to dumping of cheaper tiles from China, particularly in coastal markets. The provisional anti-dumping duty of \$ 1.37 per square metre imposed by the government on vitrified tiles from China was much below the industry anticipation of \$ 3 per square metre. Hence the impact on low cost Chinese imports is not completely nullified. Further the duty levied is provisional.

OPERATIONAL REVIEW

Prism Cement

During the year under review, clinker and cement sales were down by percent to 52.9 Lac Ton as compared to 56 Lac Ton in FY15. However, the Division has seen improved operating performance despite lower realizations as compared to last year and provisions made towards District Mineral Foundation and National Mineral Exploration in FY16. This was possible due to various cost rationalization measures taken in FY15 and benign fuel prices. Petcoke usage as percentage of fuel mix was stable at 59 percent as compared to 61 percent last year. There was a marginal increase in lead distance to 405 km with rail road mix at 63:37.

During the year two more brands, 'Duratech' and 'Champion Plus' were launched in three states – Madhya Pradesh, Uttar Pradesh and Bihar with a focus on increasing net realizations for the Company as a whole. The above brands along with the 'Hi-Tech' cement contributed nearly 6 percent of overall volume as compared to 3 percent in FY15.

The Company has Greenfield expansion plans in Kurnool District, Andhra Pradesh. It has 3,000 acres of land in possession, limestone reserves secured and environment clearance in place.

H & R Johnson (India)

H & R Johnson (India) operates in TBK (Tiles, Bath and Kitchen) segment. The year could be split into two halves. The first half showing a ~9 percent revenue growth to ₹ 1,105 cr. However, the second half was below expectation with sales reporting ₹ 1,175 cr Capacity utilization for own plants were at ~73 percent.

During the year the focus was on Value Added Elite range. Steps were taken to improve the product display of Value Added Products in 100 state of the art showrooms. ASPIRE – company's architect connect program has got a good response.

The Company has launched EDC, Cool Roof tiles, large format wall tiles, 800cm X 1,200cm DC and 800cm X 800cm DC during the year.

Amongst the on-going cost rationalization measures, renewed focus was on closing inefficient depots, improving plant efficiencies and strengthening / optimizing channel distribution. The benefits of these initiatives are likely to flow in the following years.

The year also saw two positives for the industry – downward revision in gas prices and levy of provisional anti-dumping duty on imports of vitrified tiles from China.

The Company has total of 1,000 TBK dealers, 10,000 retail dealers. Company also has 26 'House of Johnson' chain of retail outlets contributing ~9 percent of Divisional total sales.

This Segment won many Awards this year like WCRC labeling Johnson as the 'Most Admired Brand' among others.

RMC Readymix (India)

During the year, the turnover increased by 5 percent as compared to previous year with focus on value added product sales. It continues to operate pan India with total of 81 concrete plants spread across 38 cities & metros, having started operations in two new cities in Gujarat and one in Andhra Pradesh. The Division keeps on exploring to add further RMC and aggregates plants across India keeping in mind the demand potential. Capacity utilization stood at ~40 percent.

EBIT improved significantly to ~₹ 26 cr with the fourth quarter contributing nearly 50 percent of the overall EBIT. During the year under review, focus was put towards increasing value added products sales. At the same time efforts were put in place to manage costs and get improved output from transportation and pumping resources.

The Division reported RoCE of ~15 percent during FY16, better as compared to last five year's numbers.

CONSOLIDATED FINANCIAL REVIEW

During the year total revenues stood at ₹ 5,622 cr as against ₹ 5,654 cr in FY15. The Cement Division revenues de-grew by ~8 percent at ₹ 2,027 cr compared to the last year's ₹ 2,201 cr, HRJ and RMC Division recorded a revenue growth of 4 percent and 5 percent to ₹ 2309 cr and ₹ 1260 cr respectively. The Company's ongoing cost rationalization measures supported by low fuel prices have improved the overall EBIDTA from ₹ 353 cr in FY15 to ₹ 384 cr in FY16. The EBIDTA margin improved from 6.2 percent in FY15 to 6.8 percent in FY 16.

During the year, the Company focused on de-leveraging and the Net consolidated debt was down by ₹ 70 cr from ₹ 2,108 cr in FY15 to ₹ 2,038 cr in FY16. The Debt Service Coverage Ratio improved from 0.75x in FY15 to 1.06x in FY16. The Interest Service Coverage Ratio also improved from 1.49x in FY15 to 1.55x in FY16.

The Company sold 23 percent stake in the JV with QBE Group, Australia - Raheja QBE General Insurance Company Ltd and recognized a profit of ₹ 62.4 cr This sale brought down the stake in Raheja QBE from 74 percent to 51 percent.

OUTLOOK

In order to facilitate economic growth there is a need for structural reforms, faster approvals of projects with accommodative monetary policy and fiscal policy. With the Government advancing in the right direction with intent and resolve supported by interest rate cuts from RBI augurs well for the industry. There will be incremental demand from Government-backed projects.

The initiatives taken by the Government like 'Make in India', 'Smart Cities', 'Housing for All by 2022', 'Dedicated Freight Corridors', 'Swachh Bharat Abhiyan', 'Atal Mission for Rejuvenation and Urban Transformation' (AMRUT) and pushing for fast track roads and highways will bolster the construction industry leading to increased demand for cement and ready mix concrete.

The passage of Real Estate Bill and renewed focus on affordable housing segment would provide ample growth opportunity in all business segments of the company. The Company has taken measures which going forward would help to improve operational efficiency and productivity.

The above initiatives are likely to help demand rebound for cement and RMC. Central India, which is the main region where the Company operates, has witnessed some traction on infrastructure segment especially the road construction segment, eastern corridor DFC, metros amongst others. Jabalpur and Bhopal are amongst the first 20 'Smart Cities' to receive the fund for development. These two cities are part of the operating markets that we sell cement in. In the short run, the Division is likely to benefit from the reduction in fuel prices seen in previous months. The Cement Division's capital employed is at an attractive level of ~\$38 per ton. This would lead to higher return on capital employed as utilization levels go up.

RMC Division with its widespread presence across India and with backward integration in some of its plants is well placed to benefit from the rising demand. The markets in most of the metros are expected to see a turnaround in the medium term as economy picks up and construction activities resume. With the Mega Projects Vertical, RMC Division is focusing on infrastructure segment as well. The markets in Tier-II & Tier-III cities have also been showing maturity which will help the industry's growth. Additional efforts would be put in to push value added products and increase market share. The Division expects better utilization levels going forward.

Having resolved the power and fuel issues, the focus is on increasing the utilization levels and better working capital management. HRJ saw induction of top management during the second half with renewed focus on marketing, strengthening channel distribution and continuing the initiatives to rationalize costs. The Division intends to further improve the product display of value added products.

Overall Prism Cement Limited as a company is well placed with cost initiatives and operating leverage to kick in as capacity utilization improves going forward.

RISKS AND CONCERNS

Economic factor: The effects of macroeconomic variables such as slowdown in economic activity especially real estate, construction and infrastructure would have a contagion effect on the company's performance.

Measures: The Company has in place formulated strategies and continuously monitors the environment aiming to mitigate risk factors and improve productivity.

Political Factor: The Governments push for infrastructure projects are subjected to clearances on various fronts such as land acquisition and environmental clearances which can delay and stall the projects.

Measures: Prism Cement Limited has diversified business segments catering services to several clients across states. This helps to de-risk the business due to policies and regulations

imposed by any particular state. There is ample opportunity to grow with stable leadership and resolve of government to push infrastructure and housing sectors.

Credit Factor: There can be delay in payments from clients which impacts the Cash Conversion cycle delaying cash flows and increase the interest burden for the Company.

Measures: The Company has diversified segments of customers between institutional and retail clients with much focus on the retail segment. This diversified service reduces the delay in cash flows and the company can meet the short term obligations.

Cost factor: The increased input cost of raw materials and competitive pricing can stress the balance sheet impacting profitability.

Measures: The Company has adopted various strategies to cut costs by reverting back to pet coke usage as its prices have come down significantly and increase in volumes of sales will increase in demand for the construction and infrastructure projects.

Board Procedure

The Board meets at regular intervals to review, *inter alia*, the financial performance of the Company and on other matters requiring its decisions and directions. The tentative yearly calendar of the meetings is finalised before the beginning of the year. Additional meetings are held as and when necessary. The Chairperson of various Board Committees brief the Board on all the important matters discussed and decided at their respective Committee meetings, which are generally held prior to the Board meetings.

The Board periodically reviews matters such as strategy and business plans, annual operating and capital expenditure budgets, adoption of quarterly/half-yearly/annual financial results, investors' grievances, borrowings and investments, issue of securities, compliance certificates, minutes of meetings of the Committees of Directors of the Board and the subsidiary companies including agenda suggested in Schedule V to SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 ('SEBI LODR') and to the extent applicable. A detailed operations report is also presented at every Board Meeting.

The agenda is circulated to the Board in advance and is backed by necessary supporting information and documents, to enable the Board to take informed decisions and in exceptional cases, additional items of agenda are tabled at the meeting. However, in case of a

special and urgent business need, the Board's approval is taken by passing resolutions by circulation, as permitted by law, which is noted and confirmed in the subsequent Board meeting.

Familiarisation of Independent Directors

The Company has formulated a policy to familiarise the Independent Directors with the Company, their roles, rights, responsibilities in the Company, nature of the industry in which the Company operates, business model of the Company, etc., through various programmes. Presentations are regularly made to the Board Members covering, *inter-alia*, business environmental scan, the business strategies, operations review, quarterly/half-yearly/annual financial results, budgets, review of internal audit reports, statutory compliances, risk management, operations of subsidiaries and joint ventures etc. During the year under review, an educational tour was organised for the Independent Directors to the Company's cement plant at Satna to get a deeper insight in the operations of the cement business of the Company. Mr. J. A. Brooks and Ms. Ameeta Parpia attended the same. The Independent Directors were familiarised with the cement plant operations and also given detailed presentations on the same.

The details of familiarisation programme for Independent Directors have been disclosed on the website of the Company www.prismcement.com/about/policies.

The summary of the performance of the Company's subsidiaries, associate and joint venture companies included in the consolidated financial statements is presented below:

Subsidiaries

- **Raheja QBE General Insurance Company Limited**, the general insurance subsidiary has established itself as a recognised niche player poised to grow by focusing on the identified growth segments.
- **Silica Ceramica Private Limited** has started utilising its full available capacity. In the last quarter of FY 2015-16, it has started achieving significant reduction of process losses and process defects resulting in increase in total production and improved percentage of premium quality tiles. The profitability for the year has suffered mainly due to unavailability of Natural Gas from ONGC during the year 2015-16.
- **H. & R. Johnson (India) TBK Limited ('HRJTBK')**, the wholly-owned subsidiary of the Company is in the field of tile, bath and kitchen retailing, having presence in the state/union territories of Maharashtra, Madhya Pradesh, Andhra Pradesh, Delhi, Chandigarh, Punjab, Himachal Pradesh, Karnataka and Uttar Pradesh. HRJTBK and its Joint Ventures have total 26 showrooms of House of Johnson and 10 showrooms of Johnson Corners as at March 31, 2016.
- **Milano Bathroom Fittings Private Limited ('Milano')**, the wholly-owned subsidiary of the Company manufacturing bathroom fittings and accessories, has performed well during the year. Improved capacity utilisation at the Samba Unit, improved product portfolio and cost efficient manufacturing has contributed to the growth of Milano.

TBK Rangoli Tile Bath Kitchen Private Limited became a wholly-owned subsidiary of HRJTBK during the year under review. TBK Venkataramiah Tile Bath Kitchen Private Limited and TBK Rangoli Tile Bath Kitchen Private Limited, wholly owned subsidiaries of HRJTBK are in the field of tile, bath and kitchen retailing.

Joint Ventures (JV)

- **Ardex Endura (India) Private Limited ('AEIPL')**, JV with the Ardex Group, Germany, which manufactures and markets tile adhesives, grouts, flooring, waterproofing and allied products, has performed satisfactorily during the year. AEIPL is in the process of setting-up a new plant in West Bengal near Durgapur and the plant is expected to be operational shortly.
- **Sentini Cermica Private Limited ('Sentini')**, the mid-segment glazed floor tile JV Company in Telangana, has performed satisfactorily during the year. With the implementation of the Coal Gassifier Plant and availability of CNG, Sentini has been able to achieve reduction in cost of production during the financial year. The production and sales of 600 x 600 mm Digital Floor Tiles have also contributed towards higher profitability.
- **Coral Gold Tiles Private Limited ('Coral')**, the mid-segment wall tiles company in Gujarat, became a JV during the year. Coral has performed satisfactorily during the year

In addition, Antique Marbonite Private Limited, Spectrum Johnson Tiles Private Limited and Small Johnson Floor Tiles Private Limited, the tile joint venture companies in Gujarat, performed satisfactorily during the year.

RMC Readymix Porselano (India) Limited, a wholly-owned subsidiary and Prism Power and Infrastructure Private Limited, an associate of the Company are yet to commence operations.

The criteria for increase in the remuneration, amongst other things, is related to the individual performance, the Company's performance, industry benchmarking, organisation building as a strategy and consideration towards cost of living adjustment/inflation and such other factors more particularly described in the Policy for Remuneration to Directors, KMP and Employees which are stated in the Report on Corporate Governance.

6. Comparison of the remuneration of the Key Managerial Personnel against the performance of the Company :

In line with the Remuneration Policy of the Company, remuneration paid to KMPs and other employees is decided on the factors stated in Point No. 5 above. During the year ended March 31, 2016, the Company earned a profit after tax of ₹ 8.36 crores against a profit after tax of ₹ 14.70 crores for the year ended March 31, 2015. For FY 2015-16, the key managerial personnel were paid ₹ 13.08 crores as against ₹ 11.86 crores for the previous year.

7. The market capitalisation of the Company was ₹ 4,074.70 crores as of March 31, 2016 as compared to ₹ 5,073.83 crores as of March 31, 2015. The price to earnings ratio was 476.18x as of March 31, 2016 as compared to 347.59x as of March 31, 2015. The closing share price of the Company at the Bombay Stock Exchange Limited on March 31, 2016 being ₹ 80.95 per equity share of the face value of ₹ 10/- each, has grown ~8.1 times since the last public issue made in the year 1995 (Offer price was ₹ 10/- per equity share of the face value of ₹ 10/- each).

8. Average percentile increase already made in the salaries of employees other than the managerial personnel in the last financial year was 0.10 whereas the increase in the managerial remuneration was 0.06. This increment is in line with the factors outlined in Point No. 5 above.

9. The key parameters for any variable component of remuneration availed by the directors :

Variable compensation, wherever payable, is an integral part of the total reward package for the concerned Executive Directors & CEOs, as per their terms of appointment. At the beginning of the year, key targets are being assigned to all the Executive Director & CEOs for the year in addition to their job fundamentals. Financial outcomes, various performance parameters including sales, market share, production, profitability, etc., of the Company vis-à-vis the Budgets are considered for the variable compensation of the Executive Director & CEOs.

10. The ratio of the remuneration of the highest paid director to that of the employees who are not directors but receive remuneration in excess of the highest paid director during the year :

Not Applicable

11. It is hereby affirmed that the remuneration is as per the Remuneration Policy of the Company.

Conservation of Energy, Technology Absorption and Foreign Exchange Earnings and Outgo

(A) Conservation of energy

(i) The steps taken or impact on conservation of energy :

Cement Division

- Limestone crusher
 - Implementation of software interlock to minimise idle running.
 - Implementation of two shift operation against three shift.
 - Implementation of PID control loop between MD current and apron feeder speed.
 - Increased output rate by replacing old apron feeder DC motor with lower speed and higher torque DC motor.
 - Installed VFD for bag filter fan.
- Raw mills
 - Reduced dam ring height.
 - Balancing of air volume and arresting leakages in Raw Mills circuits of both the units.
 - Increased output rate by Crushed Lime stone size by blow bars adjustment.
- Kilns
 - Interlock implementation of shell cooling fans with kiln shell Temp.

- Increased C3S content in clinker to improve quality.
- Increased petcoke utilisation.
- Coal mills
 - Separator fix vanes gap reduced.
 - Water spray nozzle modified for stable bed thickness.
 - Nozzle ring area increased.
 - Grinding pressure increased.
- Cement mills
 - Increased surface area of ball charge by modifying grinding media loading pattern.
 - Fine separator seal plate gap reduced.
 - One-day cement strength increase by residue reduction on 45 micron.
 - Roller Press operation switched to Torque Control mode.

H & R Johnson (India) Division

➤ **Savings in Electrical Energy**

- Reducing power consumption by 25% in all major blower motors in kilns in Kunigal & Dewas plants by optimising frequency input through variable frequency drives.
- Installation of lighting energy saver in Kunigal plant reducing fixed energy lighting load by 25%.

- 21% reduction in ball mill energy consumption by changing ball mill grinding media.
- Improving transmission efficiency of gear box drive by replacing worm and worm gear box & helical gears with planetary gear box for belt conveyors and presses in Kunigal plant.
- Implemented automated & user friendly SCADA (power management system) based energy management system for monitoring, useful in conducting analysis like power correlations with production, aids in report generation for shift, day, month & year for all main equipment/feeders and balance of plant with communications sent to all relevant users for immediate decision making and forecasts power consumption with starting planned production in Kunigal plant.
- Reducing power consumption for mill grinding in Dewas and Pen plants by optimising input frequency.

➤ **Savings in Thermal Energy**

- Replacement of direct hot air generator with chain stove having higher fuel efficiency in Kunigal plant.
- Replacing single layer horizontal dryer with three layer horizontal dryer in Karaikal plant having higher fuel efficiency and improved production capacity.

(ii) The steps taken by the Company for utilising alternate sources of energy :

Cement Division

- Installation of open access power purchase metering equipment at 220kV Sitpura and Kotar substations, to procure cheaper power as per availability.
- Replaced HSD by Vidyut - 51 and biodiesel for kiln light up.
- Use of Solar lights in school building and street lights.
- Use of dry leaves and wood as fuel in calciner.

H & R Johnson (India) Division

- Sourcing power from renewable sources for Dewas plant.

(iii) The capital investment on energy conservation equipment :

Total investment on energy conservation equipment is ₹ 3.45 crores during the year ended March 31, 2016.

(B) Technology absorption

(i) The efforts made towards technology absorption:

- Development of new product with innovative raw mix design.
- Implementation of staggered running of equipment to restrict Maximum Demand.

(ii) The benefits derived like product improvement, cost reduction, product development or import substitution :

- Development of new product conforming to BIS norms, with better characteristics and improvement of clinker utilisation factor.
- Reduction of grid demand side CHG emission, improvement in specific energy consumption.
- Improvement in throughput, cement one day strength and specific power consumption.
- Natural resource (lime stone, coal) saving as well as cost saving.

(iii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year) :

- The details of technology imported : Unit-I kiln burner pipe for petcoke/AFR suitability.
- The year of import : 2014
- Whether the technology has been fully absorbed : Yes
- If not fully absorbed, areas where absorption has not taken place, and the reasons thereof : Not Applicable.

(iv) The expenditure incurred on Research and Development : ₹ 2.80 crores (Previous year : ₹ 2.79 crores)

Independent Auditors' Report

To the Members of Prism Cement Limited Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **Prism Cement Limited** ('the Company'), which comprise the Balance Sheet as at March 31, 2016, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters, which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial

statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2016 and its profit and its cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to:

Note no. 37 to the accounts in respect of appointment of the three Managerial Personnel, which is subject to approval of the shareholders of the Company. In addition, in view of absence of profit, remuneration paid to them is also subject to approval of shareholders and Central Government under Section 197 of the Act. The management is proposing to apply to the Central Government under Section 197(10) of the Act for waiver of recovery once necessary approvals from the shareholders are obtained.

Our report is not qualified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), as amended, issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the 'Annexure A' a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The Balance Sheet, the Statement of Profit and Loss and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;

- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
- e) On the basis of the written representations received from the directors as on March 31, 2016 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B';
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements. Refer Note 34(a) to the financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts. Refer Note 56(c) to the financial statements; and
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure A to the Independent Auditors' Report

Referred to in paragraph 1 under the heading 'Report on Other Legal and Regulatory Requirements' of our report on even date to the financial statements of the Company for the year ended March 31, 2016:

- (i) (a) The Company has maintained proper records showing full particulars including quantitative details and situation of its fixed assets.
- (b) The Company has formulated a programme of verification by which all fixed assets of the Company are being verified in a phased manner over a period of three years, which in our opinion, is reasonable having regard to the size of the Company and nature of its business. Pursuant to the program, a portion of fixed asset has been physically verified by the management during the year and no material discrepancies were noticed on verification conducted during the year as compared with the book records.
- (c) Based on our audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to information and explanations given by the management and further based on certificate received from the Debenture Trustee / Security Trustee, the title deeds of immovable properties included in fixed assets are held in the name of the Company except for following :

Particulars	No. of Cases	Gross Block	Net Block	Remarks
		As at March 31, 2016 (₹ in crores)		
Freehold Land / Leasehold Land / Premises	121	26.46	23.13	In the year 2009-10, vide a scheme of amalgamation approved by the relevant high courts, H. & R. Johnson (India) Limited and RMC Readymix (India) Private Limited were amalgamated into the Company. These immovable properties are continued to be in the name of the above transferor companies and as represented by the Company, it is in the process of getting these properties transferred / registered in its name. The Company is in the possession of the relevant title deeds registered in the name of H. & R. Johnson (India) Limited or RMC Readymix (India) Private Limited, as the case maybe.

- (ii) (a) Inventories have been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable.
- (b) The discrepancies noticed on physical verification as compared to the book records were not material and have been properly dealt with in the books of account.
- (iii) The Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnership or parties covered in the register maintained under Section 189 of the Act. Accordingly, para 3 (iii) (a) to (c) of the Order are not applicable to the Company and hence not commented upon.

- (iv) In our opinion and according to the information and explanation given to us, the Company has complied with the provisions of Section 185 and 186 of the Act, in respect of investments made and loans, guarantees and securities granted.
- (v) The Company has complied with the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act, and the rules framed there under, to the extent applicable. We are informed by the management that no order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal in this regard.
- (vi) The Central Government has prescribed maintenance of cost records under Section 148(1) of the Act, for the products manufactured by the Company. We have broadly reviewed the books of account maintained and in our opinion; prima facie, the prescribed accounts and records have been made and maintained by the Company. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- (vii) (a) The Company is generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, service tax, duty of customs, duty of excise, value added tax, cess and other applicable statutory dues with the appropriate authorities. No undisputed statutory dues payable were in arrears as at March 31, 2016, for a period of more than six months from the date they became payable.

Annexure B to the Independent Auditor's Report

Referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report on even date to the financial statements of the Company for the year ended March 31, 2016:

Report on the Internal Financial Controls under Section 143(3)(i) of the Act

We have audited the internal financial controls over financial reporting of Prism Cement Limited ('the Company') as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls

over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES TO ACCOUNTS

Corporate information

Prism Cement Limited, a Public Limited Company incorporated under the Companies Act, 1956, principally operates in three business segments : Cement, Tile, Bath and Kitchen (TBK) and Readymixed Concrete (RMC). The equity shares of the Company are listed on the Bombay Stock Exchange and National Stock Exchange.

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Preparation

The financial statements of the Company are consistently prepared and presented under historical cost convention on an accrual basis in accordance with the generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act, 2013 (the Act), read together with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Act. In accordance with first proviso to section 129(1) of the Act and clause 6 of the General Instructions given in Schedule III to the Act, the terms used in these financial statements are in accordance with the Accounting Standards as referred to herein.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. All the divisions of the Company have normal operating cycle of less than twelve months, hence a period of twelve months has been considered for bifurcation of assets and liabilities into current and non-current as required by Schedule III to the Act for preparation of financial statements.

1.2 Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosures relating to contingent liabilities as at the date of financial statements and reported amounts of revenues and expenses during the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, actual results could differ from these estimates. Differences on account of revision of estimates, actual results and existing estimates are recognised in periods in which the results are known / materialised in accordance with the requirements of the respective accounting standard, as may be applicable.

1.3 Revenue Recognition

Sale of Goods

Sales are recognised on passing of risks and rewards attached to the goods. Sales include excise duty but do not include Value Added Tax (VAT) and Central Sales Tax (CST).

Income from Services

Revenues from services are recognised as and when services are rendered on proportionate completion method. Income from services does not include Service Tax (ST).

Dividend Income

Dividend income is recognised for when the right to receive is established.

Interest Income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable on Yield To Maturity (YTM) basis.

1.4 Tangible Fixed Assets

Fixed assets are stated at cost less depreciation / amortisation and impairment loss, if any. The cost is inclusive of borrowing costs and incidental expenses incurred during construction period and is net off cenvat credit availed, discount and rebates.

Cost of acquisition of mining land is bifurcated into cost of land and cost of estimated mining reserves. Freehold and Leasehold Land includes mining land. Mines Development expenses comprise of mining infrastructure expenses and overburden removal cost.

Machinery spares, which are specific to particular machinery and whose use is expected to be irregular, are capitalised as Plant & Machinery. Gains and Losses arising from disposal of fixed assets and losses arising from retirement of fixed assets are recognised in the Statement of Profit and Loss.

1.5 Intangible Assets

Intangible assets are recognised only if they are separately identifiable and the Company expects to receive future economic benefits arising out of them. Such assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any.

1.6 Depreciation and Amortisation

- i. Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life and is provided on a straight-line basis over the useful life as prescribed in Schedule II to the Companies Act, 2013, unless otherwise specified.
- ii. Depreciable amount for assets is the cost of an asset less its estimated residual value.
- iii. Depreciation on additions to / deductions from fixed assets is provided on pro-rata basis from / to the date of acquisition / disposal.
- iv. Useful life of assets individually costing less than ₹ 10,000/- is considered as one year.
- v. Depreciation on foreign exchange differences on borrowings utilised for acquisition of assets is provided prospectively over the remaining life of the assets.
- vi. Cost of mining reserve included in freehold / leasehold land, balance cost of leasehold mining land, mining rights and mines development expenses are amortised systematically based on principle of Unit of Production method.
- vii. In case of certain class of assets and components, the Company uses different useful life than those prescribed in Schedule II to the Act. In such cases, the useful life has been assessed based on its technical expertise and past experience. The useful life of component of machineries varies from 2 years to 40 years. Details of other class of assets and their estimated useful lives are as under :

Assets	Useful life of the assets
Mobile Phones	1 - 3 years
Motor Cars given to the employees as per the Company's Scheme or Vehicle used by Employees.	5 - 6 years
Leasehold Land	Remaining period of the Lease
Truck Mixers, Loaders, Excavators and Truck Dumpers	8 years
Intellectual Property Right	10 years
Technical Know-how	7 years
Leasehold Improvements	Over the period of lease / rent agreement.
Machinery Spares	Over the useful life of the related assets
Assets acquired under the finance lease	Over the primary lease period and secondary lease period if renewable at nominal cost, if any
Plant & Machinery-Concrete Pumps	6 years

1.7 Research and Development

Research costs are expensed as incurred. Development expenditure incurred on an individual project is recognised as an intangible asset when the Company can demonstrate all the following :

- The technical feasibility of completing the intangible asset so that it will be available for use or sale
- Its intention to complete the asset
- Its ability to use or sell the asset
- How the asset will generate future economic benefits
- The availability of adequate resources to complete the development and to use or sell the asset
- The ability to measure reliably the expenditure attributable to the intangible asset during development.

1.8 Leases

Where the Company is lessee :

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the Statement of Profit and Loss. Lease management fees, legal charges and other initial direct costs of lease are capitalised.

Charges paid under operating lease arrangements, where all the risks and benefits incidental to ownership are retained by the lessor, are charged to Statement of Profit and Loss.

1.9 Impairment of Tangible and Intangible Assets

The carrying amounts of Tangible and Intangible assets are tested for impairment at each Balance Sheet date to determine if there is any indication of impairment, based on internal / external factors. If any such indication exists, an estimate of the recoverable amount of the asset / cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the assets are reflected at the recoverable amount.

1.10 Investments

Investments, which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Long-term investments are carried at cost. Diminution, if any, other than temporary, is provided for. Current investments are carried at lower of cost or fair value.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

1.11 Inventories

Raw materials, fuels, stores and spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials, components and stores and spares is determined on a moving weighted average basis.

Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials, labour, other direct cost and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty and is determined on a moving weighted average basis. Excise duty is accounted for at the point of manufacture of goods and accordingly, is considered for valuation of finished goods stock lying in the factories and depots as on the Balance Sheet date.

Traded Goods are valued on moving weighted average cost.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

1.12 Foreign Currency Transactions

Initial Recognition

Transactions in foreign currency are accounted at the exchange rate prevailing on the date of the transaction. The exchange differences arising on restatement or on settlement are recognised in the Statement of Profit and Loss.

Conversion

Foreign currency monetary items are re translated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Forward contracts

Forward contracts are entered into to hedge the foreign currency risk of the underlying outstandings. The premium or discount on such contracts is amortised as income or expense over the life of the respective contract. Any profit or loss arising on the cancellation or renewal of forward contracts is recognised as an income or expense for the period. The difference on account of exchange rate fluctuation is taken to Statement of Profit and Loss.

Synthetic Swap (under forward contracts)

Outstanding forward / future contracts against firm commitments and derivative contracts, other than stated above, are marked to market and the resulting loss, if any, is charged to the Statement of Profit and Loss. Gain, if any, on such marked to market is not recognised unless it is reversal of loss recognised earlier.

Exchange Differences

The Company has availed option provided under paragraph 46A of Accounting Standard 11: 'The Effects of Changes in Foreign Exchange Rates', vide Notification dated December 29, 2011 issued by MCA. Exchange differences arising on principal amount of borrowings are not considered as borrowing costs and treated as part of exchange difference. Consequently, the exchange differences on long-term foreign currency monetary items, are dealt with in the following manner :

- Foreign exchange differences on long-term borrowings utilised for acquisition of depreciable asset is treated as an adjustment to the cost of depreciable asset and the same is depreciated over the balance useful life of the asset.
- Foreign exchange differences arising from other long-term monetary items are accumulated in a Foreign Currency Monetary Item Translation Difference Account, and amortised over the balance period of the said asset/liability.

1.13 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or production of qualifying assets are capitalised as the cost of the respective assets. Other borrowing costs are charged to the Statement of Profit and Loss in the year in which they are incurred.

1.14 Government Grants

VAT subsidy from State Governments is recognised as a part of Sales under Revenue from Operations in the Statement of Profit and Loss on accrual basis i.e. when there is reasonable assurance that the conditions attached to them will be complied and subsidy will be received. The above criteria is also used for recognition of incentives under various scheme notified by the Government.

1.15 Employee Benefits

Superannuation and ESIC are defined contribution plans. Provident Fund is treated as defined contribution plan. A contribution is made to Regional Provident Fund Commissioner for certain employees. In case of other employees covered under the Provident Fund Trust of the Company, the management does not expect any material liability on account of interest shortfall to be borne by the Company. Gratuity benefits are treated as defined benefit plan. Gratuity obligation is worked out based on an actuarial valuation.

Employees are entitled to carry forward unutilised leave, the liability of which is arrived based on an actuarial valuation. Employees are also entitled to medical benefit for which premium is paid by the Company.

The contribution made by the Company for Provident Fund, Superannuation and Medical Premium is charged to the Statement of Profit and Loss. Incremental liability for leave entitlement and Gratuity is charged to the Statement of Profit and Loss. Actuarial gains / losses are immediately recognised in Statement of Profit and Loss and are not deferred. The current / non current bifurcation of liabilities towards employee benefits is done as per Actuary Report.

1.16 Taxes on Income

- a) The Company provides current tax based on the provisions of the Income Tax Act, 1961 applicable to it.
- b) Deferred tax is calculated at the rates and laws that have been enacted or substantively enacted as of the Balance Sheet date and is recognised on timing differences that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets are recognised on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty that sufficient future taxable income will be available against which such deferred tax asset can be realised. Other deferred tax assets are recognised only to the extent there is a reasonable certainty of realisation in future. The effect on deferred tax assets and liabilities of change in tax rates is recognised in the Statement of Profit and Loss in the period of enactment of the change.
- c) Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period.

1.17 Provision

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on management's estimate for the amount required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current estimates of the management.

1.18 Contingent Liabilities and Contingent Assets

- a) Contingent liabilities are disclosed separately by way of note to financial statements after careful evaluation by the management of the facts and legal aspects of the matter involved in case of :
 - i. a present obligation arising from the past event, when it is not probable that an outflow of resources will be required to settle the obligation.
 - ii. a possible obligation, unless the probability of outflow of resources is remote.
- b) Contingent Assets are neither recognised nor disclosed.

1.19 Segment Reporting

The Company identifies primary segments based on the products and does not have any secondary segments. The primary segments identified are as follows :

- i. Cement
- ii TBK (Tile, Bath and Kitchen)
- iii RMC (Readymixed Concrete)

Segment revenue, segment expenses, segment assets and segment liabilities are identified to segments on the basis of their relationship to the operating activities of the segment. Revenue, expenses, assets and liabilities, which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under "Unallocated revenue / expenses / assets / liabilities".

However, segment information has been presented in the Consolidated Financial Statements as permitted by AS-17 on Segment Reporting.

1.20 Cash and Cash Equivalents

Cash and cash equivalents for the purposes of Cash Flow Statement comprise cash at bank, cash / cheques in hand, demand deposits with banks and other short-term investments with an original maturity of three months or less.

1.21 Earnings Per Share

- a) Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, share split, etc., if any that have changed the number of equity shares outstanding, without a corresponding change in resources. In addition, weighted average number of equity shares are net of own shares held through Trust.
- b) For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.22 Expenditure on New Projects

Expenditure (including borrowing costs) directly attributable to setting up / construction of new projects are capitalised. Administrative and other General overhead expenses, which are specifically attributable to the setting up / construction activities, incurred during the construction period are capitalised as part of the indirect cost. Other indirect expenditure (including borrowing costs) incurred during such period which are not related to the setting up / construction activities are charged to Statement of Profit and Loss. Income earned during this period from setting up activities is deducted from the total of indirect expenditure.

1.23 Mines Restoration Expenditure

The Company provides for the estimated expenditure required to restore quarries and mines. The total estimate of restoration expenses is apportioned over the estimate of mineral reserves and a provision is made based on minerals extracted during the year. Mines restoration expenses are incurred on an on going basis and until the closure of the quarries and mines. The actual expenses may vary based on the nature of restoration and the estimate of restoration expenditure. On the basis of technical parameters, restoration expenses estimates are reviewed periodically.

- (d) In terms of long-term gas supply agreement (GSA) with GAIL (India) Limited having validity till April, 2028, the Company is required to draw 1074064 MMBTU of Re-Liquidified Natural Gas (RLNG) per calendar year. In case of under drawn quantities determined on calendar year basis, the Company is liable to deposit purchase price under Take or Pay Obligation (TOP) of the GSA and is allowed to draw such underdrawn quantities in the balance term of the GSA at then prevailing price.

There were under drawn quantities of RLNG of 653690 MMBTU for the calendar year 2015 and 171042 MMBTU for the quarter ended March 31, 2016. GAIL has allowed under drawn quantities for the calendar year 2015 to be carried forward under downward flexibility clause of GSA till April 2028 without any payment. However, because of the same, the Company has exhausted its downward flexibility limit. The amount committed under TOP for the under drawn quantities for the quarter ended March 31, 2016, which would be due in December 2016 if it remains undrawn, is approximately ₹ 9.05 Crores.

In view of decreasing trend in prices of RLNG in recent months and also increase in the capacity utilisation due to favorable market conditions, the management is confident about utilisation of under drawn RLNG as above in balance part of the calendar year and also in subsequent contracted period. The aforesaid amount, if payable, will only be in the nature of an advance payment for RLNG which can be drawn anytime thereafter up to the end of term of the GSA i.e. April 2028. Accordingly, in view of the management this contract is not in the nature of Onerous contract and no effect of the same is required to be given in these accounts.

35 Depreciation & Amortisation :

Current Year :

During the last quarter, based on technical evaluation of material items of the fixed assets, the Company has completed componentisation exercise in terms of the provision contained in Schedule II to the Companies Act, 2013 and have provided depreciation by giving effect from April 1, 2015. In view of the same, the shortfall of ₹ 8.85 Crores in depreciation for nine months ended December 31, 2015 has been provided in the quarter ended March 31, 2016.

Further based on the transitional provision provided in Note 7(b) of Schedule II to the Act, the charge to retained earnings in respect of assets having no useful life as on April 1, 2015 on account of above exercise, net of deferred tax adjustment is ₹ 35.28 Crores.

Previous Year :

Effective from April 1, 2014, the useful lives of fixed assets have been revised in accordance with Schedule II to the Companies Act, 2013 (the Act). Due to above, depreciation charge for the year ended March 31, 2015 is lower by ₹ 46.31 Crores.

Further based on transitional provision provided in Note 7(b) of Schedule II to the Act, the charge to retained earnings in respect of assets having no useful life as on the effective date, net of deferred tax adjustment is ₹ 7.39 Crores.

- 36 During the year, after obtaining requisite approvals, the Company has transferred 23% stake in one of its subsidiary, Raheja QBE General Insurance Company Limited (RQBE) to joint venture partner, QBE Asia Pacific Holdings Limited and recognised profit of ₹ 62.37 Crores. Presently, the Company holds 51% of the equity of RQBE.

- 37 The matter relating to reappointment and remuneration of the Managing Director and appointment & remuneration of two Executive Director & CEOs of the Company are being placed for approval of the shareholders.

In view of non-availability of profits for the current year, remuneration paid to these Managerial Personnel, during their respective tenures, is in excess of the limit prescribed under Schedule V to the Companies Act, 2013 by ₹ 0.67 Crores. Pending approval from the shareholders of the Company and the Central Government, such excess amount is held in trust by them. Steps are being taken by the Company for obtaining approval for waiver of recovery.

- 38 Subsequent to the date of the Balance Sheet, insurance claim of the year 2012 relating to collapse of blending silo and consequential damages was rejected by the insurance company. The Company had recognised a sum of ₹ 58.95 Crores as receivable. The Company is in the process of initiating legal action against the insurance company and has already initiated arbitration proceedings with the party responsible for the construction of blending silo for recovery of damages. Based on legal opinion and judicial precedents, the Company has more than reasonable chance of recovery of the amount recognised as recoverable and accordingly, the Company has continued to recognise the same.
- 39 The Company in its ordinary course of business has promoted / acquired interest in various entities. Out of these entities, Silica Ceramica Private Limited (Company's holding 99.63%) and H. & R. Johnson (India) TBK Limited (Company's holding 100%) have significant amount of accumulated losses. The Company's aggregate exposure in these entities is ₹ 149.32 Crores by way of investment. Considering the long-term involvement of the Company in these entities and strategic impact it has on the business of the Company, the management is of the view that the decline in the value of investment is temporary in nature and therefore no provisioning is required.
- 40 During the year, certain amendments having effect from April 1, 2014 were made to the Payment of Bonus Act, 1965 whereby wage threshold for determining applicability of the said Act was increased from ₹ 10,000 to ₹ 21,000 per month and wage ceiling for calculation of bonus was increased from ₹ 3,500 to ₹ 7,000 per month. Certain High Court has issued interim orders staying the retrospective implementation of the above amendments. In view of the same, the Company has [paid / provided] its liability on account of additional bonus payable for the financial year 2015-16 and no provision has been considered for the financial year 2014-15. The amount for which the Company is contingently liable is ₹ 1.01 Crores.

Independent Auditors' Report

To the Members of Prism Cement Limited

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **Prism Cement Limited** (hereinafter referred to as 'the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') comprising of the Consolidated Balance Sheet as at March 31, 2016, the Consolidated Statement of Profit and Loss and Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'the consolidated financial statements').

Management's Responsibility for the Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The Board of Directors of the Company is responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about

whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Holding Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Holding Company's Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Group and its jointly controlled entities as at March 31, 2016, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to:

Note no. 38 to the accounts in respect of appointment of the three Managerial Personnel, which is subject to approval of the shareholders of the Company. In addition, in view of absence of profit, remuneration paid to them is also subject to approval of shareholders and Central Government under Section 197 of the Act. The management is proposing to apply to the Central Government under Section 197(10) of the Act for waiver of recovery once necessary approvals from the shareholders are obtained.

Our report is not qualified in respect of this matter.

Other Matters

We did not audit financial statements of four subsidiaries and three jointly controlled entity and consolidated financial

statement of one subsidiary and three jointly controlled entities, whose financial statements / consolidated financial statement reflect total assets of ₹ 1,011.55 crores as at March 31, 2016, total revenues of ₹ 798.76 crores and net cash flows amounting to ₹ (7.14) crores for the year ended on that date, as considered in the preparation of the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and jointly controlled entities, and our report in terms of Section 143(3) of the Act, in so far as it relates to the aforesaid subsidiaries and jointly controlled entities, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - b. In our opinion, proper books of account as required by law have been kept by the Group and its jointly controlled entities so far as it appears from our examination of those books.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account;
 - d. In our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2016 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiaries and jointly

controlled companies incorporated in India, none of the directors of the Group companies and jointly controlled companies incorporated in India is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164(2) of the Act.

- f. With respect to the adequacy of the internal financial controls over financial reporting of the Group and its jointly controlled entities and the operating effectiveness of such controls, refer to our separate Report in 'Annexure A'.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and jointly controlled entities – Refer Note 35(a) to the consolidated financial statements.
 - ii. Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts – Refer Note 52(c) to the consolidated financial statements in respect of such items as it relates to the Group and jointly controlled entities.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company. There were no amounts which were required to be transferred to the said Fund by the subsidiaries and jointly controlled companies incorporated in India.

Annexure A to the Independent Auditor's Report

Referred to in paragraph 1(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report on even date to the financial statements of the Company for the year ended March 31, 2016:

Report on the Internal Financial Controls under Section 143(3)(i) of the Act

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of Prism Cement Limited (hereinafter referred to as 'the Holding Company') and its subsidiary companies and its jointly controlled companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary companies and its jointly controlled companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are

subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies and its jointly controlled companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to five subsidiary companies and six jointly controlled companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

NOTES TO ACCOUNTS

1. SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Consolidation

The Consolidated Financial Statements relates to Prism Cement Limited (“the Company”), its Subsidiary Companies and Joint Ventures (collectively, the “Group”).

Prism Cement Limited, a Public Limited Company incorporated under the Companies Act, 1956, principally operates in three business segments: Cement, Tile, Bath and Kitchen (TBK) and Ready-mixed Concrete (RMC). The equity shares of the Company are listed on the Bombay Stock Exchange and National Stock Exchange.

- a. The consolidated financial statements are prepared in accordance with Accounting Standard 21 – “Consolidated Financial Statements” and Accounting Standard 27 – “Financial Reporting of Interests in Joint Ventures” as notified by the Companies (Accounting Standard) Rules, 2006.
- b. The excess of the cost to the Company of its investment, over the Company’s portion of net assets at the time of acquisition of shares is recognised in the consolidated financial statements as Goodwill. The excess of Company’s portion of net assets over the cost of investment therein is treated as Capital Reserve.
- c. The consolidated financial statements are prepared using uniform accounting policies for like transactions and events in similar circumstances and necessary adjustments required for deviations, if any to the extent possible, are made in the consolidated financial statements and are presented in the same manner as the Company’s standalone financial statements. The figures pertaining to the subsidiaries have been recast/ reclassified wherever necessary to bring them in line with the Parent Company’s financial statements.
- d. The financial statements of the subsidiaries and joint ventures used in the consolidation are drawn up to the same reporting date as that of the Company.
- e. The Notes and Significant accounting policies to the consolidated financial statements are intended to serve as a means of informative disclosure and a guide to better understanding of the consolidated position of the Group. In this respect, the Company has disclosed such notes and policies which fairly present the needed disclosures, and such other notes and statutory information disclosed in the financial statements of the parent and the subsidiary companies which are not having any effect on the true and fair view of the consolidated financial statements are excluded.
- f. Some of the joint ventures have made down stream investments in their subsidiaries. Till the financial year 2013-14, these joint ventures were not required to prepare consolidated financial statements and accordingly, for preparation of consolidated financial statements of the Group, the Group had considered standalone financial statements of such joint ventures. Pursuant to enactments of the Companies Act, 2013 (the Act), these joint ventures are required to prepare consolidated financial statements and accordingly, the Group has considered such consolidated financial statements for preparation of its consolidated financial statements.

Subsidiaries

The financial statements of the Company and its subsidiaries have been combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions. The unrealised profits or losses resulting from the intra-group transactions have been eliminated and unrealised losses resulting from the intra-group transactions have also been eliminated unless cost cannot be recovered.

Share of minority interest in the net profit of the consolidated subsidiaries is identified and adjusted against the profit after tax to arrive at the net income attributable to shareholders. Share of minority interest in losses of the consolidated subsidiaries, if exceeds the minority interest in the equity, the excess and further losses applicable to the minority, are adjusted against the Group’s interest. Share of minority interest in net assets of consolidated subsidiaries is presented in the consolidated balance sheet separately from liabilities and the equity of the Company’s shareholders.

Associate

The Company’s investment in its Associate is ₹ 49,000/- only and the same is fully provided for. This Associate has not commenced any activities and accordingly, it has not been considered for consolidation.

Joint Ventures

Interests in Joint Ventures have been accounted by using the proportionate consolidation method as per Accounting Standard 27 - Financial Reporting of Interests in Joint Ventures as notified by the Rules. The consolidated financial statements are presented, to the extent possible, in the same format as that adopted by the Company for its independent financial statements.

1.3 Basis of Preparation

The financial statements of the Group are consistently prepared and presented under historical cost convention on an accrual basis in accordance with the generally accepted accounting principles in India (Indian GAAP). The Group has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Act, read together with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Act. In accordance with first proviso to section 129(1) of the Act and clause 6 of the General Instructions given in Schedule III to the Act, the terms used in these financial statements are in accordance with the Accounting Standards as referred to herein.

The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

However, the financial statements of Raheja QBE General Insurance Company Limited, a subsidiary Company engaged in general insurance business are prepared and presented in accordance with generally accepted accounting principles followed in India under the historical cost convention, on the accrual basis of accounting and in accordance with statutory requirements of the Insurance Act, 1938, Insurance Regulatory and Development Authority (IRDA) Act, 1999, Insurance Regulatory and Development Authority (Preparation of financial statements and Auditor's Report of Insurance Companies) Regulations, 2002 ('The Regulations') and order/directions prescribed by IRDA in this behalf, the Accounting standards specified under Section

133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and the relevant provisions of the Act, to the extent applicable and current practices prevailing in the Insurance Industry.

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in the Schedule III to the Act. All the divisions of the Group have normal operating cycle of less than twelve months, hence a period of twelve months has been considered for bifurcation of assets and liabilities into current and non-current as required by Schedule III to the Act for preparation of financial statements.

1.4 Use of Estimates

The preparation of financial statements in conformity with Indian GAAP requires management to make judgements, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities and disclosures relating to contingent liabilities as at the date of financial statements and reported amounts of revenues and expenses during the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, actual results could differ from these estimates. Differences on account of revision of estimates, actual results and existing estimates are recognised in periods in which the results are known / materialised in accordance with the requirements of the respective accounting standard, as may be applicable.

1.5 Revenue Recognition

Sale of Goods

Sales are recognised on passing of risks and rewards attached to the goods. Sales include excise duty but do not include Value Added Tax (VAT) and Central Sales Tax (CST).

Income from Services

Revenues from services are recognised as and when services are rendered on proportionate completion method. Income from services does not include Service Tax (ST).

Dividend Income

Dividend income is recognised for when the right to receive is established.

Interest Income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable on Yield To Maturity (YTM) basis.

Premium Income

Premium (net of service tax), on direct business and reinsurance accepted, is recognised as income based on 1/365 Method of contract period or risk period whichever is appropriate. Any subsequent revision to or cancellation is recognised in year in which they occur.

Commission on Reinsurance Ceded

Commission received on reinsurance ceded is recognised in the period in which reinsurance premium is ceded.

Profit commission under reinsurance treaties wherever applicable, is recognised on accrual. Any subsequent revisions of profit commission are recognised for in the year in which final determination of the profits are intimated by reinsurers.

Investment Income

Interest income on fixed interest bearing debt securities and fixed deposits with scheduled banks is recognised on accrual basis.

Dividend income is recorded when the right to receive the dividend is established.

The net realised gain or losses on the debt securities are the difference between the net sale consideration and the amortised cost, which is computed on a weighted average basis as on the date of sale. In case of mutual fund units, the profit or loss on actual sale of investment includes effects of accumulated fair value changes previously recognised and credited to Fair Value Change account. Sale consideration for the purpose of realised gain or loss is net of brokerage and taxes, if any and excludes accumulated interest received on sales.

1.6 Tangible Fixed Assets

Fixed assets are stated at cost less depreciation / amortisation and impairment loss, if any. The cost is inclusive of borrowing costs and incidental expenses incurred during construction period and is net off cenvat credit availed, discount and rebates.

Cost of acquisition of mining land is bifurcated into cost of land and cost of estimated mining reserves. Freehold and Leasehold Land includes mining land. Mines Development expenses comprise of mining infrastructure expenses and overburden removal cost.

Machinery spares, which are specific to particular machinery and whose use is expected to be irregular, are capitalised as Plant & Machinery. Gains and Losses arising from disposal of fixed assets and losses arising from retirement of fixed assets are recognised in the Statement of Profit and Loss.

1.7 Intangible assets

Intangible Assets are recognised only if they are separately identifiable and the Group expects to receive future economic benefits arising out of them. Such Assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any.

1.8 Depreciation and Amortisation

- i Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life and is provided on a straight-line basis over the useful life as prescribed in Schedule II to the Companies Act, 2013, unless otherwise specified.
- ii Depreciable amount for assets is the cost of an asset less its estimated residual value.
- iii Depreciation on additions to / deductions from fixed assets is provided on pro-rata basis from / to the date of acquisition / disposal.
- iv Useful life of Assets individually costing less than ₹ 10,000/- is considered as one year.
- v Depreciation on foreign exchange differences on borrowings utilised for acquisition of assets is provided prospectively over the remaining life of the assets.
- vi Cost of mining reserve included in freehold / leasehold land, balance cost of leasehold mining land, mining rights and mines development expenses are amortised systematically based on principle of Unit of Production method.
- vii In case of certain class of assets and components, the Company uses different useful life than those prescribed in Schedule II to the Act. In such cases, the useful life has been assessed based on its technical expertise and past experience. The useful life of component of machineries varies from 2 years to 40 years. Details of other class of assets and their estimated useful lives are as under :

Assets	Useful life of the assets
Mobile Phones	1 - 3 years
Motor Cars given to the employees as per the Company's Scheme or Vehicle used by Employees.	5 - 6 years
Leasehold Land	Remaining period of the Lease
Truck Mixers, Loaders, Excavators and Truck Dumpers	8 years
Intellectual Property Right	10 years
Technical Know-how	7 years
Leasehold Improvements	Over the period of lease / rent agreement.
Machinery Spares	Over the useful life of the related assets
Assets acquired under the finance lease	Over the primary lease period and secondary lease period if renewable at nominal cost, if any
Plant & Machinery-Concrete Pumps	6 years

1.9 Research and Development

Research costs are expensed as incurred. Development expenditure incurred on an individual project is recognised as an intangible asset when the Group can demonstrate all the following:

- The technical feasibility of completing the intangible asset so that it will be available for use or sale
- Its intention to complete the asset
- Its ability to use or sell the asset
- How the asset will generate future economic benefits
- The availability of adequate resources to complete the development and to use or sell the asset
- The ability to measure reliably the expenditure attributable to the intangible asset during development

1.10 Leases

Where the Group is lessee :

Finance leases, which effectively transfer to the Group substantially all the risks and benefits incidental to ownership of the leased item, are capitalised at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised as finance costs in the Statement of Profit and Loss. Lease management fees, legal charges and other initial direct costs of lease are capitalised.

Charges paid under operating lease arrangements, where all the risks and benefits incidental to ownership are retained by the lessor, are charged to Statement of Profit and Loss.

1.11 Impairment of tangible and intangible assets

The carrying amounts of Tangible and Intangible assets are tested for impairment at each Balance Sheet date to determine if there is any indication of impairment, based on internal / external factors. If any such indication exists, an estimate of the recoverable amount of the asset / cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. If at the Balance Sheet date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the assets are reflected at the recoverable amount.

1.12 Investments

Investments, which are readily realisable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments.

Long-term investments are carried at cost. Diminution, if any, other than temporary, is provided for. Current investments are carried at lower of cost or fair value.

On disposal of an investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

1.13 Inventories

Raw materials, fuels, stores and spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials, components and stores and spares is determined on a moving weighted average basis.

Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials, labour, other direct cost and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty and is determined on a moving weighted average basis. Excise duty is accounted for at the point of manufacture of goods and accordingly, is considered for valuation of finished goods stock lying in the factories and depots as on the Balance Sheet date.

Traded Goods are valued on moving weighted average cost.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

1.14 Foreign Currency Transactions

Initial Recognition

Transactions in foreign currency are accounted at the exchange rate prevailing on the date of the transaction. The exchange differences arising on restatement or on settlement are recognised in the Statement of Profit and Loss.

Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Forward contracts

Forward contracts are entered into to hedge the foreign currency risk of the underlying outstandings. The premium or discount on such contracts is amortised as income or expense over the life of the respective contract. Any profit or loss arising on the cancellation or renewal of forward contracts is recognised as an income or expense for the period. The difference on account of exchange rate fluctuation is taken to Statement of Profit and Loss.

Synthetic Swap (under forward contracts):

Outstanding forward / future contracts against firm commitments and derivative contracts, other than stated above, are marked to market and the resulting loss, if any, is charged to the Statement of Profit and Loss. Gain, if any, on such marked to market is not recognised unless it is reversal of loss recognised earlier.

Exchange Differences

The Group has availed option provided under paragraph 46A of Accounting Standard 11 : 'The Effects of Changes in Foreign Exchange Rates', vide Notification dated December 29, 2011 issued by MCA. Exchange differences arising on principal amount of borrowings are not considered as borrowing costs and treated as part of exchange difference. Consequently, the exchange differences on long-term foreign currency monetary items, are dealt with in the following manner :

- Foreign exchange differences on long-term borrowings utilised for acquisition of depreciable asset is treated as an adjustment to the cost of depreciable asset and the same is depreciated over the balance useful life of the asset.
- Foreign exchange differences arising from other long-term monetary items are accumulated in a Foreign Currency Monetary Item Translation Difference Account, and amortised over the balance period of the said asset/liability.

1.15 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or production of qualifying assets are capitalised as the cost of the respective assets. Other borrowing costs are charged to the Statement of Profit and Loss in the year in which they are incurred.

1.16 Government Grants

VAT subsidy from State Governments is recognised as a part of Sales under Revenue from Operations in the Statement of Profit and Loss on accrual basis i.e. when there is reasonable assurance that the conditions attached to them will be complied and subsidy will be received. The above criteria is also used for recognition of incentives under various scheme notified by the Government.

1.17 Employee Benefits

Superannuation and ESIC are defined contribution plans. Provident Fund is treated as defined contribution plan. A contribution is made to Regional Provident Fund Commissioner for certain employees. In case of other employees covered under the Provident Fund Trust of the Group, the management does not expect any material liability on account of interest shortfall to be borne by the Group. Gratuity benefits are treated as defined benefit plan. Gratuity obligation is worked out based on an actuarial valuation.

Employees are entitled to carry forward unutilised leave, the liability of which is arrived based on an actuarial valuation. Employees are also entitled to medical benefit for which premium is paid by the Group.

The contribution made by the Group for Provident Fund, Superannuation and Medical Premium is charged to the Statement of Profit and Loss. Incremental liability for leave entitlement and Gratuity is charged to the Statement of Profit and Loss. Actuarial gains / losses are immediately recognised in Statement of Profit and Loss and are not deferred. The current / non current bifurcation of liabilities towards employee benefits is done as per Actuary Report.

1.18 Taxes on Income

- a) The Group provides current tax based on the provisions of the Income Tax Act, 1961 applicable to it.
- b) Deferred tax is calculated at the rates and laws that have been enacted or substantively enacted as of the Balance Sheet date and is recognised on timing differences that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets are recognised on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty that sufficient future taxable income will be available against which such deferred tax asset can be realised. Other deferred tax assets are recognised only to the extent there is a reasonable certainty of realization in future. The effect on deferred tax assets and liabilities of change in tax rates is recognised in the Statement of Profit and Loss in the period of enactment of the change.
- c) Minimum Alternate Tax (MAT) paid in a year is charged to the Statement of Profit and Loss as current tax. The Group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the Group will pay normal income tax during the specified period.

1.19 Provision

A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on management's estimate for the amount required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current estimates of the management.

1.20 Contingent Liabilities and Contingent Assets

- a) Contingent liabilities are disclosed separately by way of note to financial statements after careful evaluation by the management of the facts and legal aspects of the matter involved in case of :
 - i. a present obligation arising from the past event, when it is not probable that an outflow of resources will be required to settle the obligation.
 - ii. a possible obligation, unless the probability of outflow of resources is remote.
- b) Contingent Assets are neither recognised nor disclosed.

1.21 Segment Reporting

The Group identifies primary segments based on the products and does not have any secondary segments. The primary segments identified are as follows :

- i Cement
- ii TBK (Tile, Bath and Kitchen)
- iii RMC (Readymixed Concrete)
- iv Insurance

Segment revenue, segment expenses, segment assets and segment liabilities are identified to segments on the basis of their relationship to the operating activities of the segment. Revenue, expenses, assets and liabilities, which relate to the Group as

a whole and are not allocable to segments on reasonable basis have been included under “Unallocated revenue / expenses / assets / liabilities”.

1.22 Cash and Cash Equivalents

Cash and cash equivalents for the purposes of Cash Flow Statement comprise cash at bank, cash / cheques in hand, demand deposits with banks and other short-term investments with an original maturity of three months or less.

1.23 Earnings Per Share

- a) Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, share split, etc., if any that have changed the number of equity shares outstanding, without a corresponding change in resources. In addition, weighted average number of equity shares are net of own shares held through Trust.
- b) For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.24 Expenditure on New Projects

Expenditure (including borrowing costs) directly attributable to setting up / construction of new projects are capitalised. Administrative and other General overhead expenses, which are specifically attributable to the setting up / construction activities, incurred during the construction period are capitalised as part of the indirect cost. Other indirect expenditure (including borrowing costs) incurred during such period which are not related to the setting up / construction activities are charged to Statement of Profit and Loss. Income earned during this period from setting up activities is deducted from the total of indirect expenditure.

1.25 Mines Restoration Expenditure

The Group provides for the estimated expenditure required to restore quarries and mines. The total estimate of restoration expenses is apportioned over the estimate of mineral reserves and a provision is made based on minerals extracted during the year. Mines restoration expenses are incurred on an on going basis and until the closure of the quarries and mines. The actual expenses may vary based on the nature of restoration and the estimate of restoration expenditure. On the basis of technical parameters, restoration expenses estimates are reviewed periodically.

Other Policies relating to Insurance Business :

1.26 Reinsurance Ceded

Reinsurance cost in respect of proportional reinsurance ceded, is accrued at policy inception. Non proportional reinsurance cost is recognised when incurred and due. Any subsequent revisions to refunds or cancellations of premiums are recognised in the year in which they occur.

1.27 Reinsurance Accepted

Reinsurance inward acceptances are accounted for on the basis of returns/intimations, to the extent received, from the insurers.

1.28 Claims Incurred

Claims are recognised as and when reported based on information from Surveyors / insured / Brokers. Claims paid (net of reinsurance recoveries) are charged to the respective revenue account. Provision is made for estimated value of claims outstanding as at the Balance Sheet date net of reinsurance recoveries. Reserve is maintained for each claim which at all times reflects the amount likely to be paid on each claim, as anticipated and estimated by the management in the light of past experience and subsequently modified for changes, as appropriate. Amounts received/receivable from the reinsurers/coinsurers under the terms of the reinsurance and coinsurance arrangements respectively, are recognised together with the recognition of claim.

1.29 IBNR (Claims Incurred but not reported) and IBNER (Claims Incurred but not enough reported)

IBNR represents that amount of all claims that may have been incurred prior to the end of current accounting year but not have been reported or claimed. The IBNR provision also includes provision if any required for claims incurred but not enough reported. The IBNR (including IBNER) is determined based on the actuarial principles by the Appointed Actuary.

1.30 Reserve for Unexpired Risk

Reserve for unexpired risk represents that part of net premium (net of proportional reinsurance ceded) which is attributable to, and set aside for subsequent risks to be borne by the Company under contractual obligations on a contract period basis or risk period basis, whichever is appropriate, subject to a minimum of 100% in case of Marine Hull business and 50% in case of other businesses based on net premium written during the year as required under Section 64V(1)(ii)(b) of the Insurance Act, 1938.

1.31 Investments

Investments are made in accordance with the Insurance Act, 1938, The IRDA (Investment) Regulation, 2000, as amended and various circulars/ notifications issued by IRDA in this context from time to time.

- d "In terms of long-term gas supply agreement (GSA) with GAIL (India) Limited having validity till April, 2028, the Company is required to draw 1074064 MMBTU of Re-Liquefied Natural Gas (RLNG) per calendar year. In case of under drawn quantities determined on calendar year basis, the Company is liable to deposit purchase price under Take or Pay Obligation (TOP) of the GSA and is allowed to draw such underdrawn quantities in the balance term of the GSA at then prevailing price.

There were under drawn quantities of RLNG of 653690 MMBTU for the calendar year 2015 and 171042 MMBTU for the quarter ended March 31, 2016. GAIL has allowed under drawn quantities for the calendar year 2015 to be carried forward under downward flexibility clause of GSA till April 2028 without any payment. However, because of the same, the Company has exhausted its downward flexibility limit. The amount committed under TOP for the under drawn quantities for the quarter ended March 31, 2016, which would be due in December 2016 if it remains undrawn, is approximately ₹ 9.05 Crores.

In view of decreasing trend in prices of RLNG in recent months and also increase in the capacity utilization due to favorable market conditions, the management is confident about utilization of under drawn RLNG as above in balance part of the calendar year and also in subsequent contracted period. The aforesaid amount, if payable, will only be in the nature of an advance payment for RLNG which can be drawn anytime thereafter up to the end of term of the GSA i.e. April 2028. Accordingly, in view of the management this contract is not in the nature of Onerous contract and no effect of the same is required to be given in these accounts.

36 Depreciation & Amortisation :

Current Year :

During the last quarter, based on technical evaluation of material items of the fixed assets, the Company has completed componentization exercise in terms of the provision contained in Schedule II to the Companies Act, 2013 and have provided depreciation by giving effect from April 1, 2015.

Further based on the transitional provision provided in Note 7(b) of Schedule II to the Act, the charge to retained earnings in respect of assets having no useful life as on April 1, 2015 on account of above exercise, net of deferred tax adjustment is ₹ 40.23 Crores.

Previous Year :

Effective from April 1, 2014, the useful lives of fixed assets have been revised in accordance with Schedule II to the Companies Act, 2013 (the Act). Due to above, depreciation charge for the year ended March 31, 2015 is lower by ₹ 44.66 Crores.

Further based on transitional provision provided in Note 7(b) of Schedule II to the Act, the charge to retained earnings in respect of assets having no useful life as on the effective date, net of deferred tax adjustment is ₹ 7.87 Crores. Some of the entities of the Group has opted to charge such amount (₹ 0.20 Crores) to consolidated statement of profit and loss.

- 38 The matter relating to reappointment and remuneration of the Managing Director and appointment & remuneration of two Executive Director & CEOs of the Company are being placed for approval of the shareholders.

In view of non-availability of profits for the current year, remuneration paid to these Managerial Personnel, during their respective tenures, is in excess of the limit prescribed under Schedule V to the Companies Act, 2013 by ₹ 0.67 Crores. Pending approval from the shareholders of the Company and the Central Government, such excess amount is held in trust by them. Steps are being taken by the Company for obtaining approval for waiver of recovery.

- 39 Subsequent to the date of the Balance Sheet, insurance claim of the year 2012 relating to collapse of blending silo and consequential damages was rejected by the insurance company. The Company had recognised a sum of ₹ 58.95 Crores as receivable. The Company is in the process of initiating legal action against the insurance company and has already initiated arbitration proceedings with the party responsible for the construction of blending silo for recovery of damages. Based on legal opinion and judicial precedents, the

Company has more than reasonable chance of recovery of the amount recognised as recoverable and accordingly, the Company has continued to recognise the same.

- 40** During the year, certain amendments having effect from April 1, 2014 were made to the Payment of Bonus Act, 1965 whereby wage threshold for determining applicability of the said Act was increased from ₹ 10,000 to ₹ 21,000 per month and wage ceiling for calculation of bonus was increased from ₹ 3,500 to ₹ 7,000 per month. The Members desiring to vote through remote e-voting are requested to refer to the detailed procedure given hereinafter.

The Company has entered into an arrangement with Karvy for facilitating e-voting for AGM.

The instructions for e-voting are as under :

A. In case a Member receives Notice of AGM through email (for Members whose email addresses are registered with the Company/Depositories) :

- i. Open your web browser during the voting period and navigate to '<https://evoting.karvy.com>'
- ii. Enter the login credentials i.e. User ID and password mentioned in your email. Your Folio No./DP ID Client ID will be your User ID. However, if you are already registered with Karvy for e-voting, you can use your existing User ID and password for casting your vote.
- iii. After entering the details appropriately, click on "LOGIN".
- iv. You will reach the 'Password Change' menu wherein you are required to mandatorily change your password. The new password shall comprise of minimum 8 characters with at least one upper case (A-Z), one lower case (a-z), one numeric value (0-9) and a special character (@,#,\$,etc.). The system will prompt you to change your password. **It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential.**
- v. You need to login again with the new credentials.
- vi. On successful login, the system will prompt you to select the EVENT (e-voting Event Number) i.e. **Prism Cement Limited.**
- vii. On the voting page, the number of shares (which represents the number of votes) as held by the member will appear. If you desire to cast all the

votes assenting/dissenting to the Resolution, then enter all shares and click "FOR"/"AGAINST" as the case may be or partially in "FOR" and partially in "AGAINST", but the total number in "FOR/AGAINST" taken together should not exceed your total shareholding. You may also choose the option "ABSTAIN" and the shares held will not be counted under either head.

The draft Agreement(s) to be entered into with the Managing Director and the Executive Director & CEOs are available for inspection at the Company's Registered Office at Hyderabad and at the Corporate Office at Mumbai, on all working days between 11.00 a.m. to 1.00 p.m., except Saturdays, up to the date of the Annual General Meeting.

The Directors are of the view that the Company would be immensely benefited by the experience and guidance of Mr. Vijay Aggarwal, Mr. Vivek Agnihotri and Mr. Joydeep Mukherjee and therefore recommend adoption of the Resolutions at Item Nos. 4 to 7.

Except for Mr. Vijay Aggarwal, Mr. Vivek Agnihotri and Mr. Joydeep Mukherjee who may be deemed to be interested in their respective appointments, none of the other Directors/Key Managerial Personnel of the Company/their relatives are, in any way, financially or otherwise, deemed to be concerned or interested in these items of business.

Item Nos. 8 - 10

The remuneration paid to Mr. Vijay Aggarwal, Managing Director, Mr. Vivek Agnihotri, Executive Director & CEO (Cement) and Mr. Joydeep Mukherjee, Executive Director & CEO (HRJ) from their respective dates of appointment till March 31, 2016 was approved by the Nomination & Remuneration Committee and the Board of Directors at their respective meetings held on August 17, 2015 and February 11, 2016 and is subject to the approval of the shareholders.

In case of no profits or inadequacy of profits in any financial year, the terms of appointment of the aforesaid Directors provide for payment of minimum remuneration during the currency of their respective tenures as per details mentioned in the Resolutions at Item Nos. 4, 5 and 7.

Due to generally depressed market conditions and sluggish GOI infrastructure spends, the net profit of the Company in the financial year 2015-16, as computed u/s. 198 of the Companies Act, 2013 and Rules thereunder, was inadequate for the payment of remuneration to the aforesaid Directors as per their terms of appointment.

In spite of tough market conditions such as low demand, low spend on infrastructure development compounded by pressure on prices that affected the overall profitability of the industry, the Company under the guidance of Mr. Aggarwal, Mr. Agnihotri and Mr. Mukherjee used this trying period as an opportunity to implement several strategic initiatives and realign the structure to be future ready, viz. initiatives such as new product launches, improvement in manufacturing processes for increased productivity, financial restructuring that resulted in significant reduction in interest costs and working capital, etc.

The Company has initiated several measures, as stated aforesaid, to improve the overall performance, the effect of which is expected in the coming years. These steps will be beneficial to the Company as the Indian economy revives and the market demand rebounds.

Pursuant to the provisions of Section 197 read together with Schedule V to the Act, in respect of the payment of managerial remuneration in case of no profits or inadequacy of profits as calculated under Section 198 of the Act, the Company may pay such remuneration upto the ceiling limits as specified in Schedule V. Any remuneration paid/to be paid to the Executive Directors in excess of the prescribed limits shall be subject to the approval of the Central Government.

The Nomination & Remuneration Committee and the Board of Directors have, at their respective meetings held on May 25, 2016, subject to the approval of the shareholders and the Central Government, ratified, confirmed and approved, the payment of remuneration to the aforesaid Directors in excess of the limits prescribed under the Act. The Company intends to seek approval from the Central Government for waiver of recovery of excess remuneration paid. Such excess amount is held in trust by the said Managerial Personnel of the Company pending approval from the Central Government and from the shareholders of the Company.

The remuneration to Mr. Aggarwal during the period April 1, 2015 to March 2, 2016 was paid pursuant to the remuneration approved by the Nomination & Remuneration Committee and the Board of Directors at their respective meetings held on January 24, 2013, by the shareholders at the AGM held on June 25, 2013 and in accordance with MCA Circular No. 07/2015 dated April 10, 2015 read with MCA Circular No. 46/2011 dated July 14, 2011 and hence no approval is required for the said period.

The Directors recommend the passing of the Special Resolutions at item Nos. 8, 9 and 10.

Except for Mr. Aggarwal, Mr. Agnihotri and Mr. Mukherjee who may be deemed to be interested in their respective resolutions for waiver of recovery of excess remuneration, none of the other Directors/Key Managerial Personnel of the Company/their relatives are, in any way, financially or otherwise, deemed to be concerned or interested in these items of business.

Item No. 11

The Board, on the recommendation of the Audit Committee, has approved the appointment of M/s. D. C. Dave & Co., Cost Accountants, as the Cost Auditors to conduct the audit of the cost records of the Company for the financial year ending March 31, 2017 at a remuneration of ₹ 8,25,000/-, in addition to applicable taxes and reimbursement of out-of-pocket expenses.

In accordance with the provisions of Section 148 of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the shareholders of the Company.

Accordingly, consent of the members is sought for passing an Ordinary Resolution as set out at Item No. 11 of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending March 31, 2017.

The Directors recommends passing of the Resolution at Item No. 11 of the Notice, as an Ordinary Resolution.

None of the Directors and Key Managerial Personnel of the Company and their relatives are, in any way, financially or otherwise, deemed to be concerned or interested in this item of business.

Item No. 12

As per Section 42 of the Companies Act, 2013 read with the Companies (Share Capital and Debentures) Rules, 2014 and the Companies (Prospectus and Allotment of Securities) Rules, 2014, a company offering or making an invitation to subscribe to Non-convertible Debentures (“NCDs”) on a private placement basis, is required to obtain the prior approval of members by way of a special resolution. Such an approval by way of special resolution may be obtained once a year for all the offers and invitations made for such NCDs during the year.

NCDs issued on private placement basis are a significant source of borrowings for the Company. The borrowings of the Company as on the date of notice consists of secured NCDs and Fund & Non-fund based Credit Facilities from Banks by way of Cash Credit/Overdraft/Short Term Loan/WCDL/LC/BG, etc. The Company has, as on date, borrowed ₹ 710 crores by way of NCDs at competitive costs due to which the average cost of borrowing for the Company has reduced. The Company seeks to pass an enabling resolution to borrow funds in addition to the existing borrowings to meet its requirement of funds for repayment/reduction of high cost borrowings, working capital requirements and general corporate purposes.

The members had, at the Annual General Meeting held on September 8, 2015, approved a similar resolution which was valid for a year. Therefore, the approval of the members is being sought by way of a Special Resolution under Sections 42 and 71 of the Act read with the Rules made there under, to enable the Company to offer or invite subscriptions for NCDs on a private placement basis, in one or more tranches, during the period of one year from the date of passing of the Resolution at Item No. 12, within the overall borrowing limits of the Company, as approved by the members from time to time.
